

**HALIFAX  
HEALTH**

Dear Members of the Oceanside Country Club Board,

I hope this letter finds you well. On behalf of Halifax Health, I would like to extend our heartfelt appreciation for the incredible support and generosity extended by Oceanside Country Club. The impact from the proceeds of The Sally and Taste of Oceanside with Friends has been truly transformative.

At Halifax Health, we are dedicated to providing exceptional healthcare service to our community, and the Oceanside Country Club has played a crucial role in helping us achieve this mission. The proceeds from The Sally and Taste of Oceanside with Friends has significantly impacted the initiatives of women & children and those affected by cancer.

To list a few of the notable outcomes, Halifax Health will now be able to purchase leading-edge technology and equipment in our NICU, such as a vein finder (easily access veins), i-stat machine (efficiently perform bedside tests such as labs), and EEG machine (record brain activity). This technology has enhanced our level of care and is required to maintain a Level III NICU, which is the only Level III in Volusia County.

Additionally, the support we have received has helped us expand the range of services offered to our Oncology patients. Through The Sally and Taste of Oceanside with Friends' generosity, we have provided:

- Transportation assistance,
- Financial aid for paying bills
- Educational programs focusing on mammogram awareness

These services have addressed critical gaps in care and have proven instrumental in easing the burden on patients and their families during their healthcare journey.

Thank you to the Board and members of Oceanside Country Club for your unwavering support and commitment. Your partnership has been vital in advancing our mission and serving our community with excellence. Please extend our appreciation to all those involved in making The Sally and Taste of Oceanside with Friends a resounding success.

Best,

Joe Petrock

Kathryn Nagib
